A Lovers Victory:

The War Lover Leon Harold Craig, 1996-01-01 A new interpretation of Plato's Republic Craig investigates why this dialogue ostensibly about justice offers Plato's fullest account of philosophy and philosophers and why it is preoccupied with war

The Burning Flame of Love Jean Maalouf, 2017-08-17 Nothing is neither fuller nor better in heaven and earth Every authentic love story is in its essence a journey toward God and every time we truly love we unveil the face of God because God is love 1 John 4:16 No wonder Thomas Kempis affirmed that nothing is sweeter than love nothing stronger nothing higher nothing wider nothing more pleasant nothing fuller nor better in heaven and earth because love is born of God and cannot rest but in God above all things But if it is so why in the world do we find ourselves very often dissatisfied with our love life and why do we have so many dysfunctional relationships with our families neighbors and others Why do we seem to love to hate each other and make enemies rather than friends not only with individuals and groups but also with other nations as well What is missing from our earthly love What has happened to love To these questions and to many more Dr Maalouf whose focus is one of gentle revolution in human development as leading critics said when describing his prolific works Is suggesting here a different way of seeing the reality of love Although it is based on psychological sociological philosophical and theological principles this adopted way conveys the message through a poetic contemplative and mystical method in the style of Meister Eckhart and St John of the Cross This is not intended to be a comprehensive study on love but a fresh awakening to the existential deeper and richer level of consciousness of the living love for the love of one another John 13:34 is not just a commodity for social arrangement but the evidence of our divine origin and destiny and the critical condition for our very survival Thus a book like this should be read meditatively the way one listens to a great symphony or perceives a masterpiece in an art museum and comprehensively for it is not just the total sum of its paragraphs as a symphony and a painting are not the total sum of their different notes and colors Then wonder of wonders one will realize that there is nothing more mysterious more magical more life changing than love It is indeed the philosophers stone that converts whatever it touches into a golden reality Then everything will start to make sense for nothing not even all the money in the world can buy the strength and the happiness of a true loving heart

A Dangerous Passion Haig Patapan, 2021-05-01 A Dangerous Passion argues that leadership and honor are mutually constitutive and that this dynamic relationship fundamentally shapes the character of political practice Haig Patapan shows how our contemporary blindness to this leadership honor dynamic and neglect of the significance of honor and shame in modern politics have caused us to fundamentally misunderstand the nature of leadership We have lost sight of how honor shapes the ambitions and aspirations of those who seek political office and the opportunities and limits it imposes on leaders when engaging with their followers What has been obscured are the two faces of honor how it is the dangerous passion that fuels the ambitions of the glory seekers to pursue tyranny and empire as well as being the source of good leadership that is founded on noble ambition and

sacrifice for the common good Patapan examines classical magnanimity Machiavellian glory and Hobbesian dispersed leadership views that continue to be debated and then offers insights from these debates to illuminate a series of contemporary political challenges for leaders including the politics of fame identity and nationalism Mary Sidney, Lady Wroth Margaret P.
