The Great Beginning of Cistercians Konrad (Abbot of Eberbach), 2012 In the closing decades of the twelfth century the Cistercian Order found itself in a world rather different from the one in which it had been founded and began to thrive The Order was justifiably proud of its achievements and unparalleled diffusion across Europe It had become an important ecclesiastical and economic power in Europe and developed an institutional structure meant to sustain a large widespread organization Yet it had lost its influential spokesman Bernard of Clairvaux and as the century drew to a close religious sensibilities were changing The new mendicant orders the Franciscans and the Dominicans and the impulses they embodied were to shift the center of gravity in Christian religious life for centuries to come

The Great Beginning Theo von Blankensee, Kurt Matull, 2024-02-21 This is the first English language translation of the book that launched the long running Lord Lister Alias Raffles mystery series This popular Dutch creation first appeared in 1910 and ran hundreds of volumes over the next decade In the first volume Lord Lister Raffles is well into his life of crime and he acquires a sidekick tries to outwit the police and must escape the unscrupulous men he has been targetting who now want him dead Inspired by the A J Raffles tales of E W Hornung this series was clearly a near complete copy but has a unique charm of its own The first book includes an introduction by mystery author John Gregory Betancourt who also translated it

Good Grief! Using the Grief Sheet to Improve Community Theatre Production Kenneth Anderson, 2002 Good Grief Using the Grief Sheet to Improve Community Theatre Production was written to encourage theatre directors to take advantage of the benefits involved in a daily written critique of amateur play rehearsals In over 40 years of directing community and school productions as well as acting for other directors I have yet to meet a director who employs this

technique I don't know why this is so except that it does require a large investment in time. Typically the directors I have known wrote grief notes and then assembled cast and crew to convey them verbally. Obviously much time is wasted following this method since everyone has to listen whether or not they are specifically involved. Furthermore the published grief sheet provides the perceived need for instruction as well as a record to return to to refresh the memory in regard to the needed improvements which often are forgotten otherwise. The Grief Sheet is also a team builder and the team concept is an essential quality of a successful theatre company. In writing this book my collections of grief sheets have enabled me to relive some exciting and memorable productions.
