America Compared with England Robert W. Russell, 1849 Ranking America's Fifty States Michael D. Dulberger, 2013-09-18 This full color book provides a compendium of stimulating facts about the states presented graphically and covering a wide array of topics including demographic economic environmental health and crime variables Hundreds of attributes are compared side by side from life expectancy to murder rates from fourth grade math proficiency scores to the number of food stamp recipients and from illicit drug use to the rate of firearm background checks per state Through meticulous organization and use of graphic formats retrieval of specific information the reader may seek has been greatly facilitated In addition to the graphs comparing the fifty states for each individual metric a summary table is provided at the beginning of each chapter along with highlights of pertinent data found in the chapter While we are one indivisible nation at the same time Americans are as diverse from state to state as many nations are when compared with other nations For example in 2010 95 percent of Vermont residents were white compared with only 24 percent of residents in Hawaii and 1 in 12 New York residents were Jewish compared with less than 1 in 1 000 Arkansas residents In Texas 464 prisoners have been executed over the past 35 years while 16 states have not executed any More interesting facts found in ranking America s Fifty States include Alaska ranked highest or lowest in 31 metrics more than any other state followed by Mississippi at 25 and Texas at 20 Alaska is the only state that does not have a state income tax or a state sales tax It had the highest revenues per capita from taxes levied on businesses for the extraction of oil and gas and receives the highest federal aid per capita Alaska had the lowest percent of households with annual income below 15 000 Over the past decade over 100 million firearms background checks have been performed nationally with the highest rate in Utah and the lowest rate in New Jersey Mississippi had the lowest personal income per capita median household income gross domestic product per capita and lowest male life expectancy rate Additionally it had the highest food stamp recipient rate rate of persons below the poverty level and infant mortality rate Florida had the highest rate of identity theft victims in 2010 followed by Arizona California and Georgia Texas had the most extreme environmental metrics including the highest major disaster storm and wildfire emergency declarations Texas also had the highest summer air temperature and carbon dioxide emissions level In addition to extreme environmental metrics Texas also had the highest property crime rate and high school dropout rate *Latin America vs East Asia: A Comparative Development Perspective* Jingyuan Lin, 2019-07-25 This study makes a solid case for the now prevalent contention that the development model of East Asian NICs is less costly i e over inflation levels and more equitable income distribution more adaptive to fluctuating world market conditions eg successful adjustment to the two oil crises and more sustainable i e high growth rates even in the turbulent 1970s than that of the Latin American NICs In considering these issues this book examines the major Latin American countries economic problems and development experiences in light of the more successful stabilization and development experiences of the East Asian countries Taiwan and

South Korea in particular *America's Crisis of Values* Wayne E. Baker, 2006-07-23 Is America bitterly divided Has America lost its traditional values Many politicians and religious leaders believe so as do the majority of Americans based on public opinion polls taken over the past several years But is this crisis of values real This book explores the moral terrain of America today analyzing the widely held perception that the nation is in moral decline It looks at the question from a variety of angles examining traditional values secular values religious values family values economic values and others Using unique data from the World Values Surveys the largest systematic attempt ever made to document attitudes values and beliefs around the world this book systematically evaluates the perceived crisis of values by comparing America's values with those of over 60 other nations The results are surprising The evidence shows overwhelmingly that America has not lost its traditional values that the nation compares favorably with most other societies and that the culture war is largely a myth The gap between reality and perception does not represent mass ignorance of the facts or an overblown moral panic Baker contends Rather the widespread perception of a crisis of values is a real and legitimate interpretation of life in a society that is in the middle of a fundamental transformation and that contains growing cultural contradictions Instead of posing a problem the author argues this crisis rhetoric serves the valuable social function of reminding us of what it means to be American As such it preserves the ideological foundation of the nation America's Children , 2009 **American 'Unculture' in French**

Drama Les Essif, 2013-03-25 A book about the role America plays in the French imagination as it translates to the French stage Informed by a rich variety of Western cultural scholarship Essif examines two dozen post 1960 works representing some of the most innovative dramaturgy of the last half century including works by Gatti Obaldia Cixous Koltes and Vinaver

Keeping America's Promise United States. Congress. Senate. Committee on Finance, 2007 **Situation and Outlook Report** , 1986 *Gangs in America's Communities* James C. Howell, Elizabeth Griffiths, 2015-02-18 Gangs in America's Communities offers a comprehensive up to date and theoretically grounded approach to gangs and associated youth violence Authors Dr James C Howell and Dr Elizabeth Griffiths introduce readers to the foundations of gang studies through the origins of gangs definitions and categories of youth street gangs transnational as well as prison gangs and the distinctions between these arguably different types national trends in gang presence and gang related violence across American cities distinguishing attributes of serious street gangs and myths and realities Students and instructors will benefit from the Second Edition's comprehensive treatment of the state of the literature on individual level causes and consequences of gang membership Going beyond the traditional topics covered in most texts in the market this book uniquely describes specific gang patterns trends and cultures within a group based structure while illuminating the most promising avenues for reducing the presence and seriousness of gangs in American communities Trends in the Well-being of America's Children and Youth , 1996
