American Art Pottery Cooper-Hewitt Museum, 1987 *The Mosaic Tile Company* Larisa Harper, 2022-03-25 Founded in 1894 the Mosaic Tile Company was the dream of two ceramic pioneers who intended to manufacture innovative ceramic

mosaic murals while also dominating the utilitarian market One of the largest such companies in the United States at the time MTC s most significant contribution to the burgeoning Ohio pottery industry was the development of innovative and varied proprietary tile production and installation methods Compared to its emphasis on mosaic murals MTC s utilitarian and giftware goods were produced in limited quantities and were not well received at the time making them rarer today This book chronicles the history of ceramic creativity in Zanesville Ohio from its earliest days as a bustling town before the Great Depression through its recovery in the 1960s It examines the Mosaic Tile Company s whole history the bygone details of this long lost business its products and its employees and incorporates images and postcards illustrating its products in each chapter
