## **American Caesar Douglas MacArthur 1880-1964:**

**American Caesar** William Manchester, 2008-05-12 The bestselling classic that indelibly captures the life and times of one of the most brilliant and controversial military figures of the twentieth century Electric Tense with the feeling that this is the authentic MacArthur Splendid reading New York Times Inspiring outrageous A thundering paradox of a man Douglas MacArthur one of only five men in history to have achieved the rank of General of the United States Army He served in World Wars I II and the Korean War and is famous for stating that in war there is no substitute for victory American Caesar examines the exemplary army career the stunning successes and lapses on the battlefield and the turbulent private life of the soldier hero whose mystery and appeal created a uniquely American legend **American Caesar** William

Manchester, 1981-12-15 Biography of one of the most controversial United States Army generals **American Caesar** William Manchester, 2014-05-10 MacArthur the public figure the private man the soldier hero whose mystery and appeal created a uniquely American legend portrayed in a brilliant biography that will challenge the cherished myths of admirers and critics alike *Douglas MacArthur - Upon Reflection* Col. Lowell L. Snitchler USAF, 2015-11-06 General of the Army

Douglas MacArthur was a complex man whose behaviors seem contradictory on the surface In fact he demonstrated an enduring pattern of perceiving relating to and thinking about himself and his environment This consistent personality is evident across a wide range of social and personal contexts and can be traced back to his developmental childhood and adolescent years This research recounts MacArthur s personality development from childhood investigates his last military campaign and finally applies the diagnosis of narcissistic personality disorder to the assembled data Upon reflection MacArthur s apparent behavioral inconsistencies are reconciled within this clinical framework Finally organizational heuristic and predictive implications are drawn from this research Academic and operational military uses are suggested

*Douglas MacArthur* Earle Rice (Jr.), 2013 A look at the life and military accomplishments of General Douglas MacArthur whose career included serving as commander of the United States Army in the Far East during World War II **New York Magazine** , 1978-10-16 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Historical Dictionary of Pyongyang Justin Corfield, 2014-12-01 Offering a concise overview of Pyongyang s history and development the Historical Dictionary of Pyongyang presents a comprehensive historical survey of the city in the form of an alphabetical list of keywords and names with accompanying definitions Both well researched and authoritative the volume draws upon a wide range of modern sources and contains an introductory essay about the city a chronology a list of acronyms and abbreviations and an array of photographs Franklin D. Roosevelt and the Art of Leadership William

Nester,2024-06-30 Scholar William Nester explores Franklin D Roosevelt s character personality and presidential power After their independence and civil wars Americans never faced a greater threat than the sixteen years of global depression followed by global war from 1929 to 1945 Franklin Delano Roosevelt was the president for the last dozen of those years during which he led the nation first to alleviate the Great Depression then led an international alliance that vanquished the fascist powers during the Second World War Along the way he established the modern presidency with centralized powers to make and implement domestic and foreign policies He was naturally a master politician who eventually through daunting trials and errors became an accomplished statesman For all that historians regularly rank Roosevelt among the top three presidents Yet most historians and countless others criticize Roosevelt for an array of things that he did or failed to do Conservatives lambast him for creating a welfare state and trying to pack federal courts with liberal judges while liberals condemn him for interning 120 000 Japanese Americans during the war and doing little to advance civil rights for African Americans Critics blister war commander Roosevelt for caving into strategies demanded by powerful leaders that squandered countless lives and treasure in literal and figurative dead ends These include Prime Minister Churchill s push to invade the Italian peninsula and General MacArthur s determination to recapture the Philippines At times his policies violated his principles Like President Wilson during the Second World War Roosevelt championed self determination but not for every nation He badgered Churchill to break up Britain s empire while bowing to Stalin s brutal communist conquest of eastern Europe And those are just the opening barrages against Roosevelt Although he won four presidential elections with overwhelming majorities nearly as many people reviled him as they adored him Franklin D Roosevelt and the Art of Leadership explores the dynamic among Roosevelt s character personality and presidential power with which he asserted policies that overcame first the Great Depression and then the Axis powers during the Second World War Along the way the book raises and answers key questions What were Roosevelt s leadership skills and how did he develop them over time Which New Deal policies succeeded which failed and what explains those results Which war strategies succeeded which failed and what explains those results What policies rooted in Roosevelt s instincts proved to be superior to alternatives grounded in thick official reports advocated by his advisors Finally how does Roosevelt rank as an American and global leader

**China Watch** John King Fairbank,1987 America s top China watcher the renowned pandit of modern Chinese history here provides an unrivaled overview of revolutionary China and Chinese American relations His reviews and critical commentary scrutinize our always fascinated often puzzled attitude toward this newly emergent superpower John Fairbank distinguishes two major motifs in recent Chinese American connections the American expectation of highly profitable trade and investment which so far have not materialized and the deep rooted missionary impulse to give the Chinese the best of our culture which includes our efforts to promote human rights The possibility of grafting our ideas of individual endeavor and God given prerogatives onto two thousand years of Confucianism with its emphasis on duty and collective harmony seems remote In contrast the

outlook for mutually enriching economic dealings is much brighter Yet Fairbank cautions that we are dealing with a huge and disoriented nation struggling to enter the modern world with its own cultural identity intact and at least in the current period with its Communist Party in power Confucian tenets still prevail theory and practice are a unity policies are a form of conduct manifesting one s character and attacks on policy equal attacks on the ruling party These writings concern China in the mind s eye of America as it is interpreted though the works of American merchants diplomats missionaries and reporters observing China s travail of revolution For generalist scholar and sage alike China Watch offers many insights     *The Swatow Incident*

L. Tracy Winslow, 2019-05-16 In the South China Sea during the Korean War an unaccompanied United States Navy destroyer brazenly approached the Communist China seaport of Swatow The Red Chinese immediately sent 40 50 armed motorized junks to confront and surround the lone destroyer One hundred fifty miles to the northwest a secretly positioned fifteen ship fast carrier strike force waited for word that the destroyer was under attack The force was poised to immediately retaliate against China s mainland in an attempt to eradicate communism from the Far East No one in the nation s capital in Washington DC was aware of the clandestine operation that remains relatively unknown to this day The author served on board the destroyer at the time of the event He not only discusses the motivation planning and preparations for the operation but describes details of the incident itself A remarkable well told story of a little known episode in U S history Henry H Mauz Jr Admiral U S Navy Ret Former Commander in Chief Atlantic Fleet A story that reads like fiction but isn t A key hidden inflection point in the modern history of Asia finally brought to light through the persistence and dedication of Tracy Winslow and the crew of the USS John A Bole Peter Lee Director and Producer of the documentary General MacArthur s Conspiracy to Start a War with China
