American Assassins:

American Assassins Jo Anne Ray, 1973 Traces the lives and motives of thirteen men who assassinated or attempted to assassinate leading figures in American history including several Presidents **American Assassin** Vince Flynn, 2017-08-15 Released as a motion picture of the same title in 2017 Political Assassinations and Attempts in US History J. Michael Martinez, 2017-11-14 The long dark history of political violence in the United States Violence has been employed to achieve political objectives throughout history Taking the life of a perceived enemy is as old as mankind Antiquity is filled with examples of political murders such as when Julius Caesar was felled by assassins in 44 BCE While assassinations and assassination attempts are not unique to the American way of life denizens of other nations sometimes look upon the US as populated by reckless cowboys owing to a Wild West attitude about violence especially episodes involving guns In this book J Michael Martinez focuses on assassinations and attempts in the American republic Nine American presidents Andrew Jackson Abraham Lincoln James A Garfield William McKinley Harry S Truman John F Kennedy Richard Nixon Gerald Ford and Ronald Reagan have been the targets of assassins President elect Franklin D Roosevelt was also a target shortly before he was sworn into office in 1933 Moreover three presidential candidates Theodore Roosevelt Robert F Kennedy and George Wallace were shot by assailants In addition to presidents and candidates for the presidency eight governors seven U S senators nine U S House members eleven mayors seventeen state legislators and eleven judges have been victims of political violence Not all political assassinations involve elected officials Some of those targeted such as Joseph Smith Malcolm X and Martin Luther King Jr were public figures who influenced political issues But their cases are instructive because of their connection to and influence on the political process No other nation with a population of over 50 million people has witnessed as many political assassinations or attempts These violent episodes trigger a series of important questions First why has the United States a country constructed on a bedrock of the rule of law and firmly committed to due process been so susceptible to political violence Martinez addresses these questions as he examines twenty five instances of violence against elected officials and public figures in American history **Assassins' America** Jessica Gunderson, 2018-03-01 Abraham Lincoln watched a play James Garfield walked through a train station William McKinley shook hands with his public John Kennedy smiled and waved from a motorcade In these moments shots rang out and four presidents suffered mortal wounds Some say their assassins were calculating killers Others say they were madmen guided by strange notions of the world Assassins America examines the lives of each killer and his victim Their stories are full of twists and mysteries and even today Americans live with lasting effects of these terrible crimes Political Assassins, Terrorists and Related Conspiracies in American History Scott P. Johnson, 2020-11-11 Political assassinations and terrorism have both outraged and fascinated the public throughout American history particularly in the modern era Providing biographical summaries of more than 100 assassins and terrorists this book aims at a more complete understanding of the motivations behind violent extremism The

lives of the subjects are analyzed with a focus on psychological and ideological factors along with details of investigations and criminal trials Conspiracy theories are evaluated for credibility Social media features prominently in explaining political violence by members of extremist groups in the 21st century including radical Islamic terrorists anti abortion activists and white supremacists

Encyclopedia of Murder and Violent Crime Eric W. Hickey, 2003-07-22 The Encyclopedia of Murder and Violent Crime is edited by a internationally recognized expert on serial killers covering both murder and violent crime in their variant forms Included will be biographies chronologies special interest inset boxes up to 100 photos comprehensive article bibliographies and appendices for things like famous unsolved cases celebrity murders assassinations original source documents and online sources for information

American Assassination Donald Trent Jacobs, James H. Fetzer, 2004 Two decorated university professors present evidence that Senator Paul Wellstone the first 1960s radical elected to the U S Senate was murdered in an airline crash

Violence in America Ted Robert Gurr, 1989-06 An excellent companion to Violence in America The History of Crime this volume provides fascinating insight into recently developed theories on the sources of recurring conflict in American society With their main focus on traumatic issues that have generated group violence and continue to do so the contributors discuss the most intractable source of social and political conflict in our history the resistance of Black Americans to their inferior status and the efforts of White Americans to keep them there Other intriguing topics include the emergence and decline of political terrorism and the continuation of violent threats from right wing extremists such as the Klan the Order and the Aryan nations The basic assumption underlying all interpretations is that group violence grows out of the dynamics of social change and political contention The idea presented is that the origins processes and outcomes of group violence like the causes and consequences of crime must be understood and dealt with in their social contexts This volume is essential reading for students and professionals in history criminology victimology political science and other related areas

SEE QUOTE W VOLUME ONE [Assassinations, Threats, and the American Presidency](#) Ronald L. Feinman, 2015-08-06 Throughout American history Presidents and Presidential candidates have faced countless assassination threats and attempts on their lives These threats have extended not only to sitting Presidents and candidates but also to Presidents elect and former Presidents Assassinations Threats and the American Presidency From Andrew Jackson to Barack Obama walks through Presidential history looking at the countless assassination threats and attempts that have occurred throughout history Historian Ronald L Feinman discusses the Presidencies of sixteen Presidents as well as three important candidates and five living Presidents today and how they were directly threatened with assassination ranging from the first known threat to Andrew Jackson in 1833 to threats to Barack Obama in late 2014 All nineteen of these Presidents and candidates were threatened with assassination six being killed three wounded and ten unhurt Additionally he reveals information about some failed attempts which had they been successful could have resulted in fifteen different men who would have become President of the United States Which ones would have been able to

fill the responsibilities Which ones would have been disastrous in the Oval Office Assassination attempts both successful and failures have been part of our political culture for over 180 years and the problem of Presidential security safety and protection remains a serious problem today With the President being faced with countless death threats the Secret Service and FBI are forced to employ all kinds of technological methods to protect our Chief Executive and his family as well as other top officials in the line of succession Feinman brings to light how these agencies have grown both technologically and physically to counter these attacks He also sheds light on how these threats to our Presidency have devastated changed and grown our United States into what it is today **The Deadly Cure--SECRETS Series-Book 5** Larry Lee

Rhoton,2024-10-26 German mafia Russian assassins and two rogue Americans trying to steal a groundbreaking medical cure for cancer Abigail Bartoli thought visiting London would give her five days of sightseeing while her husband Dr Antonio Bartoli attended a Medical Convention at the QEII On the first morning of the convention one of the doctors is murdered in the street A man with a heavy Russian accent sits with Abigail while she is having breakfast He slips her an envelope telling her to give it to Sasha If she refuses he ll kill her She has no idea who Sasha is but soon realizes she s a Russian assassin Another mystery falls into Abigail s lap Someone is killing the five doctors who created the cure Five key codes are needed to launch the cure worldwide The doctors are being murdered and the key codes are stolen Abigail needs a plan Can she stop the carnage and keep the doctors and keycodes safe Or will her plan lead both her and Antonio to their deaths
