provocateur occupied a singular space in twentieth century culture not only as a literary figure and voice of female sexual liberation but as a celebrity and symbol of shifting social mores in postwar America Before Madonna and her many imitators there was Nin yet until now there has been no major study of Nin as a celebrity figure In *Writing an Icon* Anita Jarczok reveals how Nin carefully crafted her literary and public personae which she rewrote and restyled to suit her needs and desires When the first volume of her diary was published in 1966 Nin became a celebrity notorious beyond the artistic and literary circles in which she previously had operated Jarczok examines the ways in which the American media appropriated and deconstructed Nin and analyzes the influence of Nin s guiding hand in their construction of her public persona The key to understanding Nin s celebrity in its shifting forms Jarczok contends is the Diary itself the principal vehicle through which her image has been mediated Combining the perspectives of narrative and cultural studies Jarczok traces the trajectory of Nin s celebrity the reception of her writings The result is an innovative investigation of the dynamic relationships of Nin s writing identity public image and consumer culture **The Critical Response to Anais Nin** Philip K. Jason, 1996-07-30

Best known for her diary Anais Nin was also the author of several novels short fiction and a book on D H Lawrence As a woman who made a career of her aesthetic femininity her works helped shape the future of gender studies and feminist literary criticism Her writings have challenged numerous critics while her life has been equally fascinating The selections in this book represent the critical response to her works from her first efforts in the 1930s to the posthumous publication of unexpurgated diary volumes beginning in 1986 including the views of major biographers and contemporary critics Born in France in 1903 Anais Nin spent her life in New York Paris and Los Angeles where she died in 1977 Like the chaotic passages of her life her writings have not easily fallen into neat categories Though she published several novels short fiction and erotica she is best known for her enormous and captivating diary which sometimes commanded more attention in unpublished form than her published fiction did As a woman writer who made a career of her aesthetic femininity her works helped shape the future of gender studies and feminist literary criticism The selections in this volume trace the critical response to Nin s works from the 1930s to the present Though Nin died nearly 20 years ago the posthumous publication of several of her works including three unexpurgated diary volumes has prompted renewed critical attention including two major biographical studies Because biographical concerns dominate critical studies this book contains not only sections on her work in general her short fiction and her novels but also special sections on her monumental diary and on her public and private selves Within each section critical articles and reviews are reprinted chronologically so that the reader may trace the
