An Unwanted Miracle Jane Klock, 2020-08-31 Maybe the title of my book sounds a little ungrateful because after all who wouldn't want a miracle in their life Have you ever experienced a miracle in your life you did not originally want Maybe you had been praying about one particular thing and the answer to your prayer made you doubt God's very existence There also maybe the feeling of being let down or abandoned by God and that tears you apart with great confusion and mistrust But then you discover it turns out to be God's gracious gift to you to strengthen your faith You could say I was expecting my own special miracle from a loving God when I got pregnant for the eighth time This was due mostly to being medically considered a high risk to carrying children to full term for I already tragically lost five of these pregnancies including burying our baby boy So this was the only conception I put totally in God's hands even prior to getting pregnant for I knew and believed God was aware of my great fears associated with this aspect of my life Nothing could prepare me for what was about to unfold to change my life forever

An Ark on the Nile Keith Bodner, 2016 The opening sector of the book of Exodus is a powerful narrative and a striking example of the artistic qualities of the Pentateuch a facet of the text that occasionally is neglected in high level scholarship Exodus 1-2 is finely choreographed work that compresses a vast amount of material onto a limited textual canvas creating a story that appeals to readers of every age Resuming where the book of Genesis leaves off the last image of Genesis 50 is a coffin in Egypt primed for a sequel the first two chapters of Exodus combine a fast moving plot with some unique shades of characterization Israel's growth in Egypt the rise of a malevolent new king the birth of a hero and early experiences of adversity for the main character in the story to come The burden of slavery and miracle of salvation are introduced in this sector of text and become paradigmatic examples of divine redemption that reverberate throughout the Hebrew Bible and beyond

An Ark on the Nile: The Beginning of the Book of Exodus is a close reading of Exodus 1-2 that analyzes the story as a reasonably self-contained unit but suggesting that major plot movements in the book of Exodus are foreshadowed and anticipated here Applying a number of insights from literary theory Keith Bodner offers an illustration of further integration of biblical studies with cross disciplinary narrative interpretation

Arab Women's Lives Retold Nawar Al-Hassan Golley, 2007-10-18 Examining late twentieth century autobiographical writing by Arab women novelists poets and artists this essay collection explores the ways in which Arab women have portrayed and created their identities within differing social environments The collection goes well beyond dismantling standard notions of Arab female subservience exploring the many ways Arab women writers have learned to speak to each other to their readers and to the world at large Drawing from a rich body of literature the essays attest to the surprisingly lively and committed roles Arab women play in varied geographic regions at home and abroad These recent writings assess how the interplay between individual private ethnic identity and the collective public global world of politics has impacted Arab women's rights
