From 'Carbon Democracy' to 'Climate Democracy'? James Goodman, Tom Morton, 2024-10-11 What are the democratic requirements for effective climate action how can climate democracy be conceptualised Liberal democracies emerged on the back of fossil fuels creating what Tim Mitchell called carbon democracy Three decades of climate policy have affirmed the controlling influence of fossil fuel interests Runaway climate change now threatens the very foundations of social life Today we face a very clear democratic question of whether the fossil fuel sector has the right to determine the planet's climate future Achieving global energy transformation at the scope and scale needed requires a democratic transformation to overcome the stranglehold This book examines these requirements It debates the political constituencies agendas and institutions that are emerging from climate crisis comparing evidence of emergent themes New claims are emerging for green deals climate justice energy justice energy democracy and de growth reflecting a new intensity of contestation as climate change impacts deepen This book will be of great relevance to students researchers and policymakers with an interest in comparative politics democracy studies climate change and environmental policies The chapters in this book were originally published as a special issue of Globalizations

Era of Ignition Amber Tamblyn, 2020-01-14 A passionate and deeply personal exploration of feminism during divisive times from one of the founders of Time's Up actor filmmaker and activist Amber Tamblyn With a new afterword A work of personal upheaval and political reckoning Rebecca Traister New York Times bestselling author of Good and Mad Amber Tamblyn has emerged as an outspoken advocate for women's rights But she wasn't always so bold and self possessed In her

late twenties after a particularly low period fueled by rejection and disillusionment she grabbed hold of her own destiny and entered into what she calls an Era of Ignition a time of self reflection that follows in the wake of personal upheaval and leads us to challenge the status quo In the process of undergoing this metaphysical metamorphosis she realized that our country is going through an Era of Ignition of its own and she set about agitating for change by initiating a dialogue about gender inequality In this deeply personal exploration of modern feminism she addresses misogyny and discrimination reproductive rights and sexual assault white feminism and pay parity all through the lens of her own experiences as well as those of her Sisters in Solidarity At once an intimate meditation and a public reckoning Era of Ignition is a galvanizing feminist manifesto that is required reading for anyone who wants to help change the world for the better *U.S. Geological Survey Professional Paper* ,1984 *EU Environmental Law, Governance and Decision-Making* Maria Lee,2014-01-12 A vast and diverse body of EU law addresses an enormous range of environmental matters This book examines a number of areas of substantive EU environmental law focusing on the striking preoccupation of EU environmental law with the structure of decision making It highlights the observation that environmental protection and environmental decision making depend intimately on both detailed specialised information about the physical state of the world and on political judgments about values and priorities It also explores the elaborate mechanisms that attempt to bring these distinctive decision making resources into EU environmental law in areas including industrial pollution chemicals regulation environmental assessment and climate change Congressional Record United States.
