and the allegiance of audiences Many who praised her work however considered her an exception among women Beach's reaction to this was to join with other women composers of serious music by promoting their works along with her own Adrienne Fried Block has written a biography that takes full account of issues of gender and musical modernism considering Beach in the contexts of her time and of her composer contemporaries both male and female Amy Beach Passionate Victorian will be of great interest to students and scholars of American music and to music lovers in general
