An American Dynasty:

Adams: An American Dynasty Francis Russell, 2014-08-05 John and Abigail Adams and their descendants have profoundly influenced life in the United States for more than two centuries From the great political and philosophical contributions of Founding Father and President John Adams the roster of Adams luminaries is unprecedented diplomat and sixth president John Quincy Adams pre Civil War Voice of Honor Charles Francis Adams and authors Henry and Brook Adams The story of the Adams dynasty is as impressive and compelling as its legacy Here it is **Sons of Camelot** Laurence Leamer, 2011-02-22 From renowned biographer and New York Times bestselling author of *The Kennedy Women* and *The Kennedy Men* comes *THE SONS OF CAMELOT* the second volume in a multi generational history bound to be considered an American epic Almost a year before publication *THE SONS OF CAMELOT* *The Fate of an American Dynasty* was already being widely discussed and debated in the media Based on exclusive interviews with many Kennedy family members their closest friends and associates and five years of research *THE SONS OF CAMELOT* is neither tabloid fodder nor a sanitized authorized biography but a stunningly revealing deeply truthful account with intimate new information on every page In this outstanding continuation of *The Kennedy Men* his powerful American epic of the Kennedy family Laurence Leamer chronicles the lives of the Kennedy sons and grandsons after the assassination of President John F Kennedy and their struggle to fulfill the family legacy These lives make for a book of overwhelming drama full of exalted aspirations notable achievements and the most spectacular mishaps excesses and tragedies For the most part these Kennedy men fell far short of the great vision that Joseph P Kennedy had for his sons and grandsons Their lives have been a bewildering juxtaposition of the most notable achievements and the most spectacular failures There have been needless deaths crippling accidents drug addiction alcoholism and allegations of rape Their pratfalls mishaps excesses and tragedies have been one of the most certain forms of American popular entertainment for the last four decades Yet among them are those who have helped Americans to have better health care to sail on clean waters to raise the rights and lives of those with mental retardation to assist the poorest of African nations to enable those with disabilities to lead normal lives and to give health care givers opportunities In Leamer's passionate narrative each Kennedy man becomes not the passive victim of the happenstance of birth and upbringing but a full participant in his own fate The good that the Kennedy sons have done is amply chronicled and so is the bad and the tragic John F Kennedy Jr's life is a thread running through the pages of *THE SONS OF CAMELOT* Some may be drawn to the book largely to read the definitive portrait based largely on the full cooperation of his eight closest friends Others may come intrigued to read the intimate story of Senator Edward Kennedy or the stirring tale of Timmy Kennedy Shriver's rise to the head of Special Olympics International But whatever draws the readers they will read on driven by the powerful dramatic narrative with its impeccably researched details Some of these pages are inspiring some are shocking but all the pages are truthful *THE SONS OF CAMELOT* is a spellbinding history of individuals and a family a journey of character through time

told by a brilliant masterful writer *An American Dynasty* John William Tebbel,1949 *American Dynasty* Kevin Phillips,2004-09-07 The Bushes are the family nobody really knows says Kevin Phillips This popular lack of acquaintance nurtured by gauzy imagery of Maine summer cottages gray haired national grandmothers July Fourth sparklers and cowboy boots has let national politics create a dynasticized presidency that would have horrified America s founding fathers They after all had led a revolution against a succession of royal Georges In this devastating book onetime Republican strategist Phillips reveals how four generations of Bushes have ascended the ladder of national power since World War One becoming entrenched within the American establishment Yale Wall Street the Senate the CIA the vice presidency and the presidency through a recurrent flair for old boy networking national security involvement and political deception By uncovering relationships and connecting facts with new clarity Phillips comes to a stunning conclusion The Bush family has systematically used its financial and social empire its aristocracy to gain the White House thereby subverting the very core of American democracy In their ambition the Bushes ultimately reinvented themselves with brilliant timing twisting and turning from silver spoon Yankees to born again evangelical Texans As America and the world holds its breath for the 2004 presidential election *American Dynasty* explains how it happened and what it all means Vanderbilt Anderson Cooper,Katherine Howe,2021-09-21 Splendid haunting and beautifully written Washington Post The 1 New York Times bestselling chronicle of the rise and fall of a legendary American dynasty from CNN anchor and journalist Anderson Cooper and historian and novelist Katherine Howe One of the Washington Post s Notable Works of Nonfiction When eleven year old Cornelius Vanderbilt began to work on his father s small boat ferrying supplies in New York Harbor at the beginning of the nineteenth century no one could have imagined that one day he would through ruthlessness cunning and a pathological desire for money build two empires one in shipping and another in railroads that would make him the richest man in America His staggering fortune was fought over by his heirs after his death in 1877 sowing familial discord that would never fully heal Though his son Billy doubled the money left by the Commodore subsequent generations competed to find new and ever more extraordinary ways of spending it By 2018 when the last Vanderbilt was forced out of The Breakers the seventy room summer estate in Newport Rhode Island that Cornelius s grandson and namesake had built the family would have been unrecognizable to the tycoon who started it all Now the Commodore s great great great grandson Anderson Cooper joins with historian Katherine Howe to explore the story of his legendary family and their outsized influence Cooper and Howe breathe life into the ancestors who built the family s empire basked in the Commodore s wealth hosted lavish galas and became synonymous with unfettered American capitalism and high society Moving from the hardscrabble wharves of old Manhattan to the lavish drawing rooms of Gilded Age Fifth Avenue from the ornate summer palaces of Newport to the courts of Europe and all the way to modern day New York Cooper and Howe wryly recount the triumphs and tragedies of an American dynasty unlike any other Written with a unique insider s viewpoint this is a rollicking quintessentially American
