Beard,2017-12-20 Excerpt from Contemporary American History 1877 1913 I have omitted with a light heart many of the staples of history in order to treat more fully the matters which seem important from the modern point of view I have also refused to mar the pages with black type para graph numbers and other apparatus which tradition has prescribed for manuals Detailed election statistics and the guide to additional reading I have placed in an appendix About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Contemporary American History 1877-1913* Charles A. Beard,2015-06-28 Excerpt from Contemporary American History 1877 1913 In teaching American government and politics I constantly meet large numbers of students who have no knowledge of the most elementary facts of American history since the Civil War When they are taken to task for their neglect they reply that there is no textbook dealing with the period and that the smaller histories are sadly deficient in their treatment of our age It is to supply the student and general reader with a handy guide to contemporary history that I have undertaken this volume I have made no attempt to present an artistically balanced account of the last thirty five years but have sought rather to furnish a

background for the leading issues of current politics and to enlist the interest of the student in the history of the most wonderful period in American development The book is necessarily somewhat impressionistic and in part it is based upon materials which have not been adequately sifted and evaluated Nevertheless I have endeavored to be accurate and fair and at the same time to invite on the part of the student some of that free play of the mind which Matthew Arnold has shown to be so helpful in literary criticism About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
