American Ghosts A Memoir:

American Ghosts David Plante, 2005 From a critically acclaimed novelist comes a masterful memoir in the tradition of Edmund White's *A Boy's Own Story*. David Plante was born and brought up in a French speaking Catholic parish in Providence Rhode Island that was like an isolated fortress in Yankee New England. The nuns of the parish school wore long black veils and taught the children that they lived in *le petit Canada* where they preserved the beliefs of *le grand Canada*, a country of suffering eased by miracles. This invisible country with its history of long lost French North America of the Jesuit missionaries devoted to converting the Indians of the hard lives of fur traders and woodsmen and the Indian squaws who became their wives was made more present to him than the visible country he lived in. His part Blackfoot father was stoic and silent, his mother lively and garrulous but trapped, and at the center of their difficult lives was a deep dark God. The ghosts of the parish haunted David Plante long after he left home, lost his belief in any god, and found the center of his life both in love and in writing. However free of his past, he became in his maturity his constant fear remained that the God he was brought up with would appear to him and possess him. Finally Plante came to terms with this possessive God by coming to terms with his ancestry, a stunning spiritual and physical journey that brings him back to Providence, to Canada, to France, and finally to a new understanding of God.

On the Legacy of Maxine Hong Kingston Sāmi Ludwig, Nicoleta Alexoae-Zagni, 2014 This book is a collection of recent scholarship on Maxine Hong Kingston gathered on the occasion of the very first conference ever devoted exclusively to Kingston and to celebrate her opera omnia. Featuring the work of researchers from four continents, the book represents the cosmopolitan reception of the most important Asian American author. In addition to many new angles on her two canonical postmodern autobiographies *The Woman Warrior* and *China Men*, this collection also tackles Kingston's less frequently discussed writings and her most recent publications. Parallel readings and comparisons further test her legacy in the sense of her enduring influence on younger Asian American writers. Though it is a conference book, this peer reviewed volume includes additional articles by selected scholars. It also contains original presentations by Maxine and her husband Earl Kingston. Series: Contributions to Asian American Literary Studies Vol 7.

The American Steam Locomotive in the Twentieth Century Tom Morrison, 2018-07-24 Between 1900 and 1950 Americans built the most powerful steam locomotives of all time, enormous engines that powered a colossal industry. They were deceptively simple machines, yet the more their technology was studied, the more obscure it became. Despite immense and sustained engineering efforts, steam locomotives remained grossly inefficient in their use of increasingly costly fuel and labor. In the end, they baffled their masters, and as soon as diesel electric technology provided an alternative, steam locomotives disappeared from American railroads. Drawing on the work of eminent engineers and railroad managers of the day, this lavishly illustrated history chronicles the challenges, triumphs, and failures of American steam locomotive development and operation.

The Ghosts Within Janna Odabas,2018-11-09 The ghost as a literary figure has been interpreted multiple times spiritually psychoanalytically sociologically or allegorically Following these approaches Janna Odabas understands ghosts in Asian American literature as self reflexive figures With identity politics at the core of the ghost concept Odabas emphasizes how ghosts critically renegotiate the notion of Asian America as heterogeneous and transnational and resist interpretation through a morally or politically preconceived approach to Asian American literature Responding to the tensions of the scholarly field Odabas argues that the literary works under scrutiny openly play with and rethink conceptions of ghosts as mere exotic ethnic ornamentation
