American Heretics Dictionary:

The American Heretic's Dictionary Chaz Bufe, 2016-05-01 This new edition includes over 650 mordant definitions by Bufe twice as many as in the original edition and 40 illustrations by San Francisco artist and filmmaker J R Swanson The definitions skewer such targets as religion the right to life movement capitalism marxism the IRS politicians of all stripes and common euphemisms as well as male female relations and sexual attitudes something which Bierce writing in more conservative times was not free to do The book concludes with a lengthy appendix of the best 200 definitions from Bierce's *The Devil's Dictionary* *The American Heretic's Dictionary* Charles Bufe, 1992 **American Heretics** Jerome E. Copulsky, 2024-10-01 A penetrating account of the religious critics of American liberalism pluralism and democracy from the Revolution until today A chilling consideration of persistent mutations of American thought still threatening our pluralist democracy Kirkus Reviews starred review The conversation about the proper role of religion in American public life often revolves around what kind of polity the Founders of the United States envisioned Advocates of a Christian America claim that the Framers intended a nation whose political values and institutions were shaped by Christianity secularists argue that they designed an enlightened republic where church and state were kept separate Both sides appeal to the Founding to justify their beliefs about the kind of nation the United States was meant to be or should become In this book Jerome E Copulsky complicates this ongoing public argument by examining a collection of thinkers who on religious grounds considered the nation's political ideas illegitimate its institutions flawed and its church state arrangement defective Beholden to visions of cosmic order and social hierarchy rejecting the increasing pluralism and secularism of American society they predicted the collapse of an unrighteous nation and the emergence of a new Christian commonwealth in its stead By engaging their challenges and interpreting their visions we can better appreciate the perennial temptations of religious illiberalism as well as the virtues and fragilities of America's liberal democracy

The Devil's Dictionaries Ambrose Bierce, 2004-08-01 This compilation of hundreds of biting witty cruel and hilarious definitions combines the best 200 definitions from Ambrose Bierce's classic *The Devil's Dictionary* with more than 500 definitions from the most humorous and stinging entries in Chaz Bufe's *The American Heretic's Dictionary* This new edition includes 50 new definitions from Bufe and new biting illustrations by San Francisco artist and filmmaker J R Swanson The Bierce definitions focus on his favorite targets including religion jingoism masquerading as patriotism the lickspittle press the thievery inherent in the American economic system and the multitude of idiocies and hypocrisies pervading American social and political life Bufe's definitions share many of the same targets but also skewer such contemporary plagues as the right to life movement religious fundamentalism the IRS and the puritanically politically correct Bufe also turns a jaundiced eye on both male and female sexual attitudes something which Bierce writing in much more conservative times was not free to do *American Heretics and Saints* Wallace Palmer Rusterholtz, 1938
