Positive laws are laws that have been established by the authority of the state (sovereign). • Positivists are blind to values. • Positive law has nothing to do with ideal or just law, it has no regard to goodness or badness or the law. • Recognize only positive facts and excludes considerations towards concepts of jurisprudence. • POSITIVIST: SEPARABILITY THESIS • Positivism is not concerned with whether law is moral, just or unfair.	• Law is wholly concerned with its effect and results on society rather than treating law as will of god or command of the sovereign as law exists for the needs of the society. • Main concern of socialist is interpreting the law in the social context, to bring good to the society. • Law regulates all kinds of relationships in a society and controls the behavior of its members. Hence, it is considered as a form of social control. • Law is not only about legality and punishment.
