American Negro Slave Revolts Herbert

Aptheker, 2025-05 First published in 1943 by Columbia University Press Herbert Aptheker's *American Negro Slave Revolts* redefined the study of slave resistance challenging decades of racism within academia and popular culture Along with W E B Du Bois *Black Reconstruction* it corrected long held preconceptions providing scholars and activists with example after example painstakingly documented of slave resistance to white oppression Written during a time when most authors argued that slaves benefited from white benevolence *American Negro Slave Revolts* proved that Blacks free and slave repeatedly acted on their own behalf to break the chains of slavery A seminal text during the 1960s campus student and Black Power movements *American Negro Slave Revolts* also helped to Pioneer Black Studies This New Expanded Edition includes a new Foreword by Willie Mack Assistant Professor of Black Studies at the University of Missouri Additionally Tony Pecinovsky has provided supplementary material from the pages of the *Daily Worker* the *Daily World* and the *People's World* enabling readers to dive deeper into Aptheker's contributions as a foremost historian *American Negro Slave Revolts* Herbert Aptheker, 1969 This is the first fully documented study of rebellions by enslaved Black people in the United States Dr Aptheker provides proof obtained by painstaking research that discontent and rebelliousness were not only exceedingly common but were characteristic of enslaved African Americans Special attention is paid to the famous slave rebellion of Nat Turner into the revolts led by Denmark Vesey and Gabriel This pioneering study remains a major contribution to dismantling the post Civil War myth of African Americans docility in the face of enslavement Adapted from publisher's original description

American Slave Revolts and Conspiracies Kerry Walters, 2015-09-22 Provides a comprehensive overview of 10 major slave revolts and examines how those uprisings and conspiracies impacted slaveholding colonies and states from 1663 to 1861 Hundreds of slave revolts and conspiracies occurred during the two centuries that North America engaged in slavery None were successful but certain campaigns were significant enough to inspire other revolts fuel a chronic fear of uprising in slaveholders and politicians and keep alive the perennial desire for freedom felt by black slaves Kerry Walters examines 10 representative revolts and offers narratives primary materials chronologies and biographies of participants for high school and undergraduate students The book also contains an annotated bibliography of print and online primary and secondary sources for students seeking material for research papers and projects as well as an examination of fictional depictions of slave revolts in novels and film Walters offers information on a compelling topic that will be of interest to students of American history or sociology as well as anyone engaging in multicultural studies **American Negro Slavery**

American Negro Slavery, 1969

Slave Revolts in Antiquity Theresa Urbainczyk, 2016-06-16

Although much has been written on Greek and Roman slavery slave resistance has typically been dismissed as historically insignificant and those revolts that are documented are portrayed as wholly exceptional and resulting from peculiar historical circumstances that had little to do with the intrinsic views or organizational capabilities of the slaves themselves In this book Theresa Urbainczyk challenges the current orthodoxy and argues that there were many more slave revolts than is usually assumed and they were far from insignificant historically She carefully dissects ancient and modern interpretations to show that there was every reason for the writers who recorded and re recorded the slave rebellions and wars to repress or to reconfigure any larger scale slave resistance as something other than what it was Further she shows that we often have the accounts that we do because of the happenstance of certain ancient authors having been particularly interested in creating accounts of them for their own interests Urbainczyk argues that we need to look beyond the canonical sources and episodes to see a bigger history of long term resistance of slaves to their enslavement

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **American Negro Slave Revolts** .
