American History A Bibliographic Review Volume 5 1989:

The Labour of Loss Joy Damousi, 1999-06-28 This book first published in 1999 explores the experience of private loss and grief after the two world wars *The Publishers' Trade List Annual* ,1991 **A Revolt Against Liberalism** A.A.M. van der Linden, 2023-04-12 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it **A Different Vision: Race and public policy** Thomas D. Boston, 1997 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Resources in Education ,1994-08 Adapting to the Stage: Theatre and the Work of Henry James Chris Greenwood, 2017-11-01 This title was first published in 2000 The American novelist and playwright Henry James was drawn to the theatre and the shifting conventions of drama throughout his writing career This study demonstrates that from the 1890s onwards James concentrated on adapting his novels and stories to and from the stage and increasingly employed metaphors that spoke of novel writing in terms of playwriting Christopher Greenwood argues that these metaphors helped James to conceive himself as an artist who composed characters dramatically and visually and in doing so sets his novels significantly apart from those of his contemporaries In the introduction to the first part of the book Greenwood examines James s career within the context of contemporary European and North American theatre providing an appraisal of what James gained from contemporary theatre his position in that milieu and what he brought to it Part 2 of the book focuses on two novels *The Other House* and *The Spoils of Poynton* both of which illustrate the ways in which James used the mechanism of contemporary theatre to communicate a character s personality Discussion of these two works is used to throw light on similar concerns that develop in James s later writing **Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1** David Y Miller, 2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers *Grant* Jean Edward Smith, 2002-04-09 In this magnificent biography Jean Edward Smith skillfully reconciles the disparate conflicting assessments of Ulysses S Grant confirming his genius as a general but convincingly showing that Grant s presidential accomplishments were as considerable as his military victories 40 photos *Bibliography of the History of Medicine* ,1993 **Current Catalog** National Library of Medicine
