Choice of Law and Multistate Justice, Special Edition Friedrich Juenger, 2021-10-01 This illuminating text features a special introduction and colloquium by Professor Juenger's colleagues A revised version of the late Friedrich Juenger's Hague Lectures this special edition presents the most pervasive and trenchant critique of the traditional approaches to choice of law both of the multilateralist and unilateralist kind to date An undisputed classic Juenger's book is both a timeless critique of the traditional choice of law approaches and a timely plea to move beyond them in the age of globalization Published under the Transnational Publishers imprint

The American School of Empire Edward Larkin, 2016-12-01 Early American artists and political thinkers wrestled with the challenges of forming a cohesive if not coherent culture and political structure to organize the young republic and its diverse peoples The American School of Empire shows how this American idea of empire emerged through a dialogue with British forms of empire becoming foundational to how the US organized its government and providing early Americans with the framework for thinking about the relations between states and the disparate peoples and cultures that defined them Edward Larkin places special emphasis on the forms of the novel and history painting which were crucial vehicles for the articulation of the American vision of empire in the late eighteenth and early nineteenth centuries

The Fabrication of American Literature Lara Langer Cohen, 2011-11-29 Literary histories typically celebrate the antebellum period as marking the triumphant emergence of American literature But the period's readers and writers tell a different story they derided literature as a fraud an imposture and a humbug and they likened it to inflated currency land bubbles and quack medicine Excavating a rich archive of magazine fiction verse satires comic almanacs false slave narratives minstrel song sheets and early literary criticism and revisiting such familiar figures as Edgar Allan Poe Davy Crockett Fanny Fern and Herman Melville Lara Langer Cohen uncovers the controversies over literary fraudulence that plagued these years and uses them to offer an ambitious rethinking of the antebellum print explosion She traces the checkered fortunes of American literature from the rise of literary nationalism which was beset by accusations of puffery to the conversion of fraudulence from a national dilemma into a sorting mechanism that produced new racial regional and gender identities Yet she also shows that even as fraudulence became a sign of marginality some authors managed to turn their dubious reputations to account making a virtue of their counterfeit status This forgotten history Cohen argues presents a dramatically altered picture of American literature's role in antebellum culture one in which its authority is far from assured and its
