## **Bridge City Anthology Stories From Saskatoon:**

The Bridge City Anthology Susan Gingell, 1991      **Indigenous Poetics in Canada** Neal McLeod, 2014-05-16 Indigenous Poetics in Canada broadens the way in which Indigenous poetry is examined studied and discussed in Canada Breaking from the parameters of traditional English literature studies this volume embraces a wider sense of poetics including Indigenous oralities languages and understandings of place Featuring work by academics and poets the book examines four elements of Indigenous poetics First it explores the poetics of memory collective memory the persistence of Indigenous poetic consciousness and the relationships that enable the Indigenous storytelling process The book then explores the poetics of performance Indigenous poetics exist both in written form and in relation to an audience Third in an examination of the poetics of place and space the book considers contemporary Indigenous poetry and classical Indigenous narratives Finally in a section on the poetics of medicine contributors articulate the healing and restorative power of Indigenous poetry and narratives      Things As They Are Guy Vanderhaeghe, 2010-12-17 By the award winning author of *The Last Crossing* and *The Englishman's Boy* Deftly layered humane these stories brilliantly capture the pathos and comedy of the human condition Following the death of his domineering father a middle aged man tries to uncover a truth about their sometimes difficult relationship When a grade six teacher tyrannizes a student without apparent reason the boy learns an unexpected lesson and his young life is changed irrevocably An elderly widow falls prey to a con artist revealing what we are capable of sacrificing to appease what we dread the most A twelve year old boy is shunted off to his grandmother's farm and becomes part of an adult world he scarcely understands A group of high school students play on a classmate's self delusions and set up what promises to be the most loaded boxing match ever staged Whether writing from the point of view of a child an adolescent or a man in his seventies Guy Vanderhaeghe takes us into the lives of his characters with razor sharp insights laced with gentle humour      **After Sixty** Gertrude Story, 1991      **Is Canada Postcolonial?** Laura Moss, 2009-08-01 How can postcolonialism be applied to Canadian literature In all that has been written about postcolonialism surprisingly little has specifically addressed the position of Canada Canadian literature or Canadian culture Postcolonialism is a theory that has gained credence throughout the world it is be productive to ask if and how we as Canadians participate in postcolonial debates It is also vital to examine the ways in which Canada and Canadian culture fit into global discussions as our culture reflects how we interact with our neighbours allies and adversaries This collection wrestles with the problems of situating Canadian literature in the ongoing debates about culture identity and globalization and of applying the slippery term of postcolonialism to Canadian literature The topics range in focus from discussions of specific literary works to general theoretical contemplations The twenty three articles in this collection grapple with the recurrent issues of postcolonialism including hybridity collaboration marginality power resistance and historical revisionism from the vantage point of those working within Canada as writers and critics While some seek to confirm the legitimacy of including Canadian literature in the

discussions of postcolonialism others challenge this very notion      *Canadian Book Review Annual* ,1992      **Saskatchewan Writers** University of Regina. Canadian Plains Research Center,2004 The more than 175 biographies in this volume together tell the story of writing in Saskatchewan As David Carpenter notes in his Introduction to the volume The writers whose lives are told in these pages are part of an extraordinary cultural community that has touched and been touched by the people and landscape of this province      Canadian Who's Who 2003 Elizabeth Lumley,2003-03 Now in its 93rd year of publication this standard Canadian reference source contains comprehensive and authoritative biographical information on notable living Canadians Those listed are carefully selected because of the positions they hold in Canadian society or because of the contribution they have made to life in Canada entries are added each year to keep current with developing trends and issues in Canadian society Included are outstanding Canadians from all walks of life politics media academia business sports and the arts from every area of human activity memberships creative works honours and awards and full addresses Of use to researchers students media business government and schools it is a useful source of general knowledge      Canadiana ,1991-12      **Canadian Books in Print** ,2003
