Behavior Analysis and Therapy in Residential Programs Frederick J. Fuoco,Walter P. Christian,1986 **Smoking Privileges** Laura D. Hirshbein,2015-01-31 Current public health literature suggests that the mentally ill may represent as much as half of the smokers in America In *Smoking Privileges* Laura D Hirshbein highlights the complex problem of mentally ill smokers placing it in the context of changes in psychiatry in the tobacco and pharmaceutical industries and in the experience of mental illness over the last century Hirshbein a medical historian and clinical psychiatrist first shows how cigarettes functioned in the old system of psychiatric care revealing that mental health providers long ago noted the important role of cigarettes within treatment settings and the strong attachment of many mentally ill individuals to their cigarettes Hirshbein also relates how as the sale of cigarettes dwindled the tobacco industry quietly researched alternative markets including those who smoked for psychological reasons ultimately discovering connections between mental states and smoking and the addictive properties of nicotine However *Smoking Privileges* warns that to see smoking among the mentally ill only in terms of addiction misses how this behavior fits into the broader context of their lives Cigarettes not only helped structure their relationships with other people but also have been important objects of attachment Indeed even after psychiatric hospitals belatedly instituted smoking bans in the late twentieth century smoking remained an integral part of life for many seriously ill patients with implications not only for public health but for the ongoing treatment of psychiatric disorders Making matters worse well meaning tobacco control policies have had the unintended consequence of further stigmatizing the mentally ill A groundbreaking look at a little known public health problem *Smoking Privileges* illuminates the intersection of smoking and mental illness and offers a new perspective on public policy regarding cigarettes The American Journal of Psychiatry ,2009 **Mental Illness and Retardation** United States.
