Awakening The Universal Heart Serge Beddington-Behrens, 2013-08-01 I invite you to come on a journey with me into one of the most important yet often most neglected dimension of yourself namely your heart I want to help you discover as I have slowly been discovering that our hearts not only hold the key to our being able to live a fuller and more meaningful life but also to our being able to play a part in helping heal our planet The change needed is a shift out of our primarily head focus into becoming increasingly heart centred where we are connected to our hearts and are potentially capable of moving mountains We are only going to be good activists if we have plenty of heart in our lives if we are big hearted with a well activated Heart A culture of Heart is vital if we are to heal the many wounds and splits that exist between different classes religions tribes and nations The book has been written from a place of great hope and joy based on knowledge that our world is changing and that the planetary heart is at last awakening

From the Awakened Heart Beth Anne Guacci, 2023-07-14 Hello here is my third book of poetry Following From a Pure Heart and From a Tainted Heart Hopefully I will continue to write when and if inspiration strikes me and God willing I will have enough to write a fourth book There is so much around us each and every day in which to find inspiration There is grace and beauty love and peace hope and compassion If we all took the time to be a little nicer smile a little more and spread the message of compassion the world would be so much brighter and we would be so much happier This book is more about my spiritual awakening and my newfound increase in my connection to God and spirit than anything else I do divert from that topic just a little bit Through the trials and tribulations of my life I was always able to see that shred of hope to hold on to the light that was although dim at times still there inside me Sometimes now when I write I feel like it's not coming from me but rather from something outside of me almost like I am watching it write itself I do hope
