Awaken Healing Light Of The Tao The Microcosmic Orbit Meditation:

Healing Light of the Tao Mantak Chia, 2008-05-27 The guide to engaging and directing the three primordial forces of Earth Heaven and Higher Self to achieve enlightenment and immortality Explains how to circulate the life force or chi by balancing yang male and yin female currents of bioenergy Includes an overview of the complete Taoist body mind spirit system along with newly refined methods of activating the life force The sequel to the classic *Awaken Healing Energy Through the Tao* In 1983 Mantak Chia introduced the Microcosmic Orbit to the West Prior to that time most of the Eastern energy practices transmitted to the West were incomplete dealing only with the ascending yang masculine channel which shoots life force energy up the spine The Microcosmic Orbit showed practitioners how to establish the descending yin feminine channel of the life force energy loop Within Taoist systems cultivating feminine energy has always been seen as the key to gaining balance and wholeness *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body mind spirit system The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force Cosmic Force and Universal Force Heavenly chi into the basic orbit It establishes a spiritual science that not only emphasizes practical benefits to health sexual vitality and emotional balance but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality

A Meditator's Guidebook to The Secret of the Golden Flower JJ Semple, 2018-07-23 The first book to examine and extract the workable teachings from the *The Secret of the Golden Flower* Forget dogma and belief systems This is DIY meditation method especially for those individuals tempted to brave the solitary path It's only limits are your ability to envision and strive for a new YOU Since the publication of *Deciphering the Golden Flower One Secret at a Time* ASIN B001A9TN7Q in 2008 DGF readers have asked for an in depth guidebook on using *The Secret of the Golden Flower* SGF to awaken kundalini in a manner and with results similar to those described in JJ Semple's DGF *The Secret of the Golden Flower A Kundalini Meditation Method* is that book a much anticipated interpretive guide to the SGF as well as a sequel to his DGF autobiographical kundalini memoir Kundalini is the formative biological life force energy in your body Most people don't realize that kundalini resides within them they are simply unaware of its actuality and its potential Which means of course that it may never re activate either spontaneously or otherwise not unless you learn how to induce a Kundalini awakening through meditation practice Even then the outcome is never certain There's a quantum or karmic aspect to the process Wilhelm Cleary and Jung translated the book and commented on its teachings but not one of them ever practiced the method This book compares their translations and commentaries with JJ Semple's empirical practice of the method using his ultimate success in awakening kundalini as the arbiter of its suitability as a method in essence the author identifies where the written word deviates from actual practice He extracts the workable teachings from the esoteric text of the SGF and shapes them

into a practical modern method By cross referencing both the Cleary and the Wilhelm versions the author details each version s contribution to the kundalini awakening process A chapter comparing Golden Flower Meditation GFM to the Microcosmic Orbit MCO is also included Says JJ Semple Did I take every word and every passage in the Wilhelm version literally No more than I take every word or passage in the Bible or in Cleary s translation literally I realized that a successful practice depended on problem solving and detective work that searching for literal meaning was a waste of time Success would be found in doing not in fantasizing In fact the SGF has two objectives One it s a manual for kundalini meditation even though the term kundalini never appears in the text Put aside what you may have been told or read about the SGF and accept this as fact one borne out by centuries of realized practitioners who practiced the method a fact vetted by contemporaries such as Gopi Krishna Two it s an explanation of ontology which the dictionary defines as the branch of metaphysics dealing with the nature of being Neither objective is readily understood without practicing the method Sure it s possible to approach the text as an academic challenge but the best way to reconcile the two objectives is by practicing the method which if you are patient allows you to grok the ontological elements as you move forward The two are not separated in the text they re mingled together which as you might imagine makes understanding problematic Says JJ Semple Although the ontological portions obscured the practical aspects to some degree I decided to forge ahead Ultimately once the meditation took its course once the light started to circulate I was catapulted out of the limiting duality of the physical world into the metaphysical actuality of the great One which has nothing above it In short he learned that enlightenment comes with practice
