US-Mexico Trade ,1992 **Mexico's Transition to a Knowledge-based Economy** Yevgeny N. Kuznetsov,Carl J. Dahlman,2008-01-01 Knowledge and its application are now widely recognized to be key sources of growth in the global economy Putting knowledge to work allows countries to improve everyday life for their people opening up new possibilities for small and medium size enterprises and other less developed economic groups This volume examines the challenges and opportunities for Mexico's knowledge based economy offering strategies for making major improvements in the country's capacity to generate knowledge and transform it into wealth Enhanced Access to Publicly Funded Data for Science, Technology and Innovation OECD,2020-04-30 This report presents current policy practice to promote access to publicly funded data for science technology and innovation as well as policy challenges for the future It examines national policies and international initiatives and identifies seven issues that require policy attention General Agreement on Trade in Services United States International Trade Commission,1995 Mexico's Human Rights Crisis Alejandro Anaya-Muñoz,Barbara Frey,2019-01-11 Lawless elements are ascendant in Mexico as evidenced by the operations of criminal cartels engaged in human and drug trafficking often with the active support or acquiescence of government actors The sharp increase in the number of victims of homicide disappearances and torture over the past decade is unparalleled in the country s recent history According to editors Alejandro Anaya Mu oz and Barbara Frey the war on drugs launched in 2006 by

President Felipe Calderón and the corrupting influence criminal organizations have on public institutions have empowered both state and nonstate actors to operate with impunity. Impunity they argue is the root cause that has enabled a human rights crisis to flourish creating a climate of generalized violence that is carried out condoned or ignored by the state and precluding any hope for justice. Mexico's Human Rights Crisis offers a broad survey of the current human rights issues that plague Mexico. Essays focus on the human rights consequences that flow directly from the ongoing war on drugs in the country including violence aimed specifically at women and the impunity that characterizes the government's activities. Contributors address the violation of the human rights of migrants in both Mexico and the United States and cover the domestic and transnational elements and processes that shape the current human rights crisis from the state of Mexico's democracy to the influence of rulings by the Inter American Court of Human Rights on the decisions of Mexico's National Supreme Court of Justice. Given the scope, the contemporaneity and the gravity of Mexico's human rights crisis the recommendations made in the book by the editors and contributors to curb the violence could not be more urgent. Contributors: Alejandro Anaya Muñoz, Karina Ansolabehere, Ariadna Estévez, Barbara Frey, Janice Gallagher, Rodrigo Gutiérrez Rivas, Susan Gzesh, Sandra Hincapi, Catalina Pérez Correa, Laura Rubio Díaz Leal, Natalia Saltalamacchia, Carlos Silva Forn, Regina Tamás, Javier Treviño Rangel, Daniel Vázquez, Benjamin James Waddell.
