Context and Culture in Language Teaching Claire Kramsch, 1993-06-17 This book takes cultural knowledge in language learning not only as a necessary aspect of communicative competence but as an educational objective in its own right If the aim of foreign language education is to foster cross cultural awareness and self realization language pedagogy needs to come to grips with a range of fundamental issues what do we mean by cultural context Can discourse practices be taught like rules of grammar What role does literature play in the development of second language literacy How can learners acquire both an insider s and an outsider s understanding of the foreign culture as expressed through its language By exploring these and other issues the book can help language teachers reflect on their profession and place it within its larger societal and educational context In turn they can help learners become not only skilful users of the language but also active architects of a new cross cultural world order **Revue Canadienne Des Langues Vivantes** , 1994 *Princeton Alumni Weekly* , 1992
