Avoid Being In A Medieval Dungeon:

Avoid Being in a Medieval Dungeon! Fiona MacDonald, 2003 This is an ideal text for shared and guided reading for Key Stage 2 pupils within the framework of the National Literacy Strategy It is set towards the end of the 15th century and casts the reader as an ex soldier turned gaoler in the king s dungeon trying to keep the prisoners in check Inquisition and Medieval Society James B. Given, 2018-08-06 James B Given analyzes the inquisition in one French region in order to develop a sociology of medieval politics Established in the early thirteenth century to combat widespread popular heresy inquisitorial tribunals identified prosecuted and punished heretics and their supporters The inquisition in Languedoc was the best documented of these tribunals because the inquisitors aggressively used the developing techniques of writing and record keeping to build cases and extract confessions Using a Marxist and Foucauldian approach Given focuses on three inquiries what techniques of investigation interrogation and punishment the inquisitors worked out in the course of their struggle against heresy how the people of Languedoc responded to the activities of the inquisitors and what aspects of social organization in Languedoc either facilitated or constrained the work of the inquisitors Punishments not only inflicted suffering and humiliation on those condemned he argues but also served as theatrical instruction for the rest of society about the terrible price of transgression Through a careful pursuit of these inquires Given elucidates medieval society s contribution to the modern apparatus of power *The Shroud* Harold Robbins, Junius Podrug, 2025-09-23 Art investigator Madison Dupre knew the offer was too good to be true 20 000 for a quick trip to Dubai the fantastic Arabian Nights city on the Persian Gulf The call came from Sir Henri Lipton a man who was supposed to be dead and who she sincerely had hoped was burning in hell because he had ruined her career before his violent demise He told her only one tantalizing thing about the piece of art Let s just say it s a couple thousand years old and was buried with Christ The fact the offer came from a man wanted on three continents for art looting was fair warning that there would be a catch But with credit collectors and an avaricious landlord pounding at her door Madison listened when the devil whispered magic words in her ear 20 000 cash upfront There was a catch of course A number of them Sir Henri was up to his neck in conspiracies and needed someone to deflect the danger onto not to mention frame for the most audacious art theft in history Dubai a city that has been called Las Vegas on steroids would just be the first stop for Madison on a quest that takes her to an ancient Mesopotamian city the dark streets of exotic Istanbul Venice at Carnival time and a cathedral where the most sacred object of Christendom is stored Along the way she finds romance in the arms of a Russian agent who she doesn t trust and can t resist At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **The British National Bibliography** Arthur James Wells, 2005 **Ragtime for the Rockies** Karl A. Visions C.G. Jung,2022-05-29 For Jung the beautiful and brilliantly creative 28 year old Christiana Morgan was an inspired force whose path in self analysis paralleled his own quest for personal knowledge By teaching Morgan the trance like technique of active imagination Jung helped her embark on a series of archetypal adventures which she depicted in paintings of great virtuosity and he candidly recounted at a seminar given to some of his closest followers Through his eloquent description of the fiery mythic visions of a woman discovering her repressed sexuality and feminine power Jung reveals how deeply this encounter challenged his understanding of feminine psychology These two volumes bring together for the first time colour reproductions of Morgan s paintings with a complete transcript of the seminar
