The Awakening Letters Cynthia Sandys, Rosamond Lehmann, 1978 **The Awakening Letters** Lady Sandys, **Space, Place and Religious Landscapes** Darrelyn Gunzburg, Bernadette Brady, 2020-10-01 Exploring sacred mountains around the world this book examines whether bonding and reverence to a mountain is intrinsic to the mountain constructed by people or a mutual encounter Chapters explore mountains in England Scotland Wales Italy Ireland the Himalaya Japan Greece USA Asia and South America and embrace the union of sky landscape and people to examine the religious dynamics between human and non human entities This book takes as its starting point the fact that mountains physically mediate between land and sky and act as metaphors for bridges from one realm to another recognising that mountains are relational and that landscapes form personal and group cosmologies The book fuses ideas of space place and material religion with cultural environmentalism and takes an interconnected approach to material religio landscapes In this way it fills the gap between lived religious traditions personal reflection phenomenology historical context environmental philosophy myths and performativity In defining material religion as active engagement with mountain forming and humanshaping landscapes the research and ideas presented here provide theories that are widely applicable to other forms of material religion Tales from the Afterlife Fiona Bowie, 2011-03-16 *Tales From the Afterlife* takes the reader on an imaginative journey through death to the life that awaits us all on the other side Our beliefs thoughts and expectations have a powerful influence on the ease with which we make that transition although help and guidance is always on hand The ten scenarios presented here present a coherent and remarkably consistent picture of the non physical world The result is a powerful affirmation that consciousness survives the death of the physical body and that the meaning and purpose of life is to grow in love
