Awareness Of Mortality Death Value And Meaning

Richard M. Ryan

Awareness Of Mortality Death Value And Meaning:

Awareness of Mortality Jeffrey Kauffman, 2021-07-11 All of us who work in the field of death and dying are beyond our projects and our practices working on our awareness of our own mortality This richly stimulating collection of original articles challenges the reader to develop a disciplined and focused awareness of his her own mortality and to grapple with the implications Awareness of Mortality contributes to the basic and passionate intellectual quest for meaning in thanatology It provokes the reader with a wide range of ideas and thinking styles to deepen the questioning process within his her own self Awareness of Mortality explores issues in philosophy ethics developmental psychology psychoanalytic psychology idealistic humanism sociology spiritual traditions and other humanities that thanatology overlaps Awareness of Mortality is an introduction to a broad based philosophical thanatology

Neuropathology of Drug Addictions and Substance Misuse Volume 1 Victor R Preedy, 2016-03-07 Neuropathology of Drug Addictions and Substance Misuse Volume One Foundations of Understanding Tobacco Alcohol Cannabinoids Opioids and Emerging Addictions provides the latest research in an area that shows that the neuropathological features of one addiction are often applicable to those of others The book also details how a further understanding of these commonalties can provide a platform for the study of specific addictions in greater depth all in an effort to create new modes of understanding causation prevention and treatment The three volumes in this series address new research and challenges offering comprehensive coverage on the adverse consequences of the most common drugs of abuse with each volume serving to update the reader s knowledge on the broader field of addiction while also deepening our understanding of specific addictive substances Volume One addresses tobacco alcohol cannabinoids and opioids with each section providing data on the general molecular cellular and structural functional neurological aspects of a given substance along with a focus on the adverse consequences of addictions Provides a modern approach on the pathology of substances of abuse offering an evidence based ethos for understanding the neurology of addictions Fills an existing gap in the literature by proving a one stop shopping synopsis of everything to do with the neuropathology of drugs of addiction and substance misuse Includes a list of abbreviations abstracts applications to other addictions and substance misuse mini dictionary of terms summary points 6 figures and tables and full references in each chapter Offers coverage of preclinical clinical and population studies from the cell to whole organs and the genome to whole body

The Oxford Handbook of Human Motivation Richard M. Ryan, 2012-02-16 Motivation is that which moves us to action Human motivation is thus a complex issue as people are moved to action by both their evolved natures and by myriad familial social and cultural influences The Oxford Handbook of Human Motivation collects the top theorists and researchers of human motivation into a single volume capturing the current state of the art in this fast developing field The book includes theoretical overviews from some of the best known thinkers in this area including chapters on Social Learning Theory Control Theory Self determination theory Terror Management theory and the Promotion and Prevention perspective Topical chapters appear on phenomena

such as ego depletion flow curiosity implicit motives and personal interests A section specifically highlights goal research including chapters on goal regulation achievement goals the dynamics of choice unconscious goals and process versus outcome focus Still other chapters focus on evolutionary and biological underpinnings of motivation including chapters on cardiovascular dynamics mood and neuropsychology Finally chapters bring motivation down to earth in reviewing its impact within relationships and in applied areas such as psychotherapy work education sport and physical activity By providing reviews of the most advanced work by the very best scholars in this field The Oxford Handbook of Human Motivation represents an invaluable resource for both researchers and practitioners as well as any student of human nature

Understanding Dying, Death & Bereavement Michael R. Leming, George E. Dickinson, 1998 This work approaches the subject of death and dying from a social psychological perspective while examining the social meanings of dying and death It addresses such issues as religion and death attitudes the dying process euthanasia bereavement burial practices and death perceptions from childhood through older adulthood This edition has been updated to include information and statistics on death etiology and life expectancy

A Good Death: On The Value Of Death And Dying Sandman, Lars, 2004-09-01 Sandman highlights how our changing ideas about the value of life shape the concept of a good death He explores the varying perspectives on the good death that come from friends family

physicians spiritual carers and others close to the dying person Setting out a number of arguments for and against existing thinking about a good death this book links to the practice of palliative care in several key areas He concludes that it is difficult to find convincing reasons for any one way to die a good death and argues for a pluralist approach

Psychoanalytic and Phenomenological Reflections on Masculinity Gunnar Karlsson,2023-05-16 In this highly original volume Gunnar Karlsson offers new answers to the question concerning the relationship between belonging to a specific sex as a male and striving for a masculine identity This book offers a uniquely psychoanalytic and phenomenological perspective on masculinity Karlsson considers masculinity and traditional masculine ideals through a psychoanalytic lens before taking phenomenological concepts to chisel out the relationship between sex and gender This perspective is developed throughout the volume to inspire readers to further their understanding of traditional gender assignment female male and intersex in light of gendered characteristics such as femininity and masculinity Chapters span topics such as the characteristics of typical so called phallic masculinity its allure and psychogenetic explanation as well as looking at what phallic masculinity disregards Throughout Karlsson maintains that phallic masculinity is unattainable as it seeks to escape the existential conditions of helplessness vulnerability and dependence He makes the case for the importance of considering the notion of ego identity in the field of sex gender studies encouraging a liberation from gender stereotypes Psychoanalytic and Phenomenological Reflections on Masculinity will be of great interest to researchers clinical psychoanalysts and psychotherapists as well as anyone interested in masculinity gender studies and the relationship between sex and gender The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Handbook of Terror Management Theory Clay Routledge,Matthew Vess,2018-11-13 Handbook of Terror Management Theory provides an overview of Terror Management Theory TMT including critical research derived from the theory recent research that has expanded and refined the theory and the many ways the theory has been utilized to understand domains of human social life The book uses TMT as a lens to help understand human relationships to nature cultural worldviews the self time the body attachment group identification religion and faith creativity personal growth and the brain The first section reviews theoretical and methodological issues the second focuses on basic research showing how TMT enhances our understanding of a wide range of phenomena and the third section Applications uses TMT to solve a variety of real world problems across different disciplines and contexts including health behavior aging psychopathology terrorism consumerism the legal system art and media risk taking and communication theory Examines the three critical hypotheses behind Terror Management Theory TMT Distinguishes proximal and distal responses to death thoughts Provides a practical toolbox for conducting TMT research Covers the Terror Management Health Model Discusses the neuroscience of fear and anxiety Identifies how fear motivates consumer behavior Relates fear of death to psychopathologies

Ritual and Spontaneity in the Psychoanalytic Process Irwin

Z. Hoffman, 2014-06-03 The psychoanalytic process is characterized by a complex weave of interrelated polarities transference and countertransference repetition and new experience enactment and interpretation discipline and personal responsiveness the intrapsychic and the interpersonal construction and discovery In *Ritual and Spontaneity in the Psychoanalytic Process* Irwin Z Hoffman through compelling clinical accounts demonstrates the great therapeutic potential that resides in the analyst's struggle to achieve a balance within each of these dialectics According to Hoffman the psychoanalytic modality implicates a dialectic tension between interpersonal influence and interpretive exploration a tension in which noninterpretive and interpretive interactions continuously elicit one another It follows that Hoffman's dialectical constructivism highlights the intrinsic ambiguity of experience an ambiguity that coexists with the irrefutable facts of a person's life including the fact of mortality The analytic situation promotes awareness of the freedom to shape one's life story within the constraints of given realities Hoffman deems it a special kind of crucible for the affirmation of worth and the construction of meaning in a highly uncertain world The analyst in turn emerges as a moral influence with an ironic kind of authority one that is enhanced by the ritualized aspects of the analytic process even as it is subjected to critical scrutiny An intensely clinical work *Ritual and Spontaneity in the Psychoanalytic Process* forges a new understanding of the curative possibilities that grow out of the tensions the choices and the constraints inhering in the intimate encounter of a psychoanalyst and a patient Compelling reading for all analysts and analytic therapists it will also be powerfully informative for scholars in the social sciences and the humanities

Being Born Alison Stone, 2019-09-26 All human beings are born and all human beings die In these two ways we are finite our lives begin and our lives come to an end Historically philosophers have concentrated attention on our mortality and comparatively little has been said about being born and how it shapes our existence Alison Stone sets out to overcome this oversight by providing a systematic philosophical account of how being born shapes our condition as human beings Drawing on both feminist philosophy and existentialist concerns about the structure of meaningful human existence Stone offers an original perspective on human existence She explores how human existence is shaped by the way that we are born Taking natality into account transforms our view of human existence and illuminates how many of its aspects are connected with our birth These aspects include dependency the relationality of the self vulnerability reception and inheritance of culture and history embeddedness in social power situatedness and radical contingency Considering natality also sheds new light on anxiety mortality and the temporality of human life This book therefore bears on death and the meaning of life as well as many debates in feminist and continental philosophy

Decoding **Awareness Of Mortality Death Value And Meaning**: Revealing the Captivating Potential of Verbal Expression
