The Extraordinary Adirondack Journey of Clarence Petty Christopher Angus,2015-02-25 Author and naturalist Christopher Angus profiles for the first time the adventurous life of Clarence Petty one of the great pioneer conservationists of the Adirondack Mountain region of New York State Raised in the heart of the Adirondack wilderness between Tupper and Saranac Lakes Petty overcame his humble beginnings and pursued a variety of careers as wilderness guide forester Civilian Conservation Corps camp director World War II pilot district ranger and aerial forest fire fighter ultimately leaving his indelible mark as a lifelong advocate for the protection of the wilderness The story of Petty s life reads like a Horatio Alger novel His father moved to the mountains in the 1880s to work as a guide His mother was a cook for one of the popular sportsmen s hotels in the area Young Clarence and his brothers enjoyed the kind of childhood freedom and independence that today s youngsters can only dream about Their father s sense of self reliance and their mother s drive to educate her sons led all three to attend college Clarence followed a path of service to the American landscape His influence on state policy regarding the Adirondack Park and especially its millions of acres of wilderness has been profound His life story provides a window into the politics of conservation in the Adirondack region from the early days of the twentieth century to the present

The Adirondacks Paul Schneider,2016-09-06 His book is a romance a story of first love between Americans and a thing they call wilderness For it was in the Adirondacks that masses of non Native Americans first learned to cherish the wilderness as a place of recreation and solace In this lyrical narrative history the author reveals that the affair between Americans and the Adirondacks was by no means one of love at first sight And even now Schneider shows that Americans relationship with the glorious mountains and rivers of the Adirondacks continues to change As in every good romance nothing is as simple as it appears

An Adirondack Passage Christine Jerome,2015-02-25 A paddling classic back in print with new maps photos details and afterword Christine Jerome walked into the Adirondack Museum in Blue Mountain Lake NY and promptly fell in love with a 9 foot 10 pound canoe named the Sairy Gamp More than a century before in 1883 the Sairy Gamp had been paddled and portaged through the Adirondacks by a sixty one year old writer named George Washington Sears his pen name was Nessmuk The more Jerome learned about Sears the more she wanted to follow his route despite her lack of camping or canoeing experience In August 1990 she

embarked in a 9 foot canoe made of Kevlar and with her husband John accompanying her in a slightly larger boat set off to retrace Sears s journey An Adirondack Passage is part social history part natural history part biography of Sears and part chronicle of a voyage Summer turns to fall while the Jeromes make their way north through sunshine and storms down cottage lined lakes and lonely wild streams Gusting winds bully their light canoes and by mid September the days are colder and shorter but the longer they paddle the more attached they become to the beauty around them Canada geese fly overhead monarch butterflies flutter southward and on the larger lakes young loons gather for their first migration to the sea Along the way the author pauses to tell us what Sears saw when he passed by and what happened to his favorite haunts in the ensuing century As the history of the region unfolds we meet hermits and millionaires hunting guides and society women hotelkeepers and dime novel writers and one lost dancing bear Christine Jerome has given us a memorable wilderness experience that readers who have never lifted a paddle will find fascinating and invigorating This new release from Breakaway Books is the third edition revised and updated with extra photos maps and a new afterword PRAISE FOR AN ADIRONDACK PASSAGE A fine piece of work and a great delight John McPhee An enchanting record of a canoe trip The New Yorker A writer of fine and watertight prose An Adirondack Passage is uncategorizable at once history naturalism sociology and a love story but unfailingly graceful Boston Globe Personal witty and thoughtful one of the best introductions to the area ever produced Audubon As refreshing a break from the busyness of life as I ve come across in awhile Newsday The writing is a constant pleasure Jerome has a style that suits her subject quiet and gentle as a paddle in still water She delivers her lore with wit and whimsy with fine descriptions and without shrill preaching or righteous posturing Smithsonian The closest thing to a national nonfiction best seller that the region has seen in ages and deservedly so Adirondack Life A captivating account She takes us into a world of hermits and millionaires of wild streams and glorious mountain scenery Publishers Weekly A delightful tale An informative readable adventure whose history and environmental lessons are taught well Library Journal

Two in the Wilderness Sandra Weber,2005 Grab a paperback and join Sandra Weber and her eleven year old daughter Marcy for a trek in the Adirondack wilderness Feel the sensation of climbing mountains sleeping in open lean tos eating wild blueberries floating like lily pads and laughing with loons Add alpine flowers a bear and five days of rain and the result is an appreciation of nature By the end of the 60 mile trip mother and daughter also learn to appreciate each other
