Adorable Stendhal:

The Sensitive Son and the Feminine Ideal in Literature Myron Tuman, 2019-05-11 This book considers major male writers from the last three centuries whose relation to a strong often distant woman one sometimes modeled on their own mother forms the romantic core of their greatest narratives Myron Tuman explores the theory that there is an underlying psychological type the sensitive son connecting these otherwise diverse writers The volume starts and ends with Jean Jacques Rousseau whose Confessions provides an early portrait of one such son There are chapters on other adoring sons Stendhal Sacher Masoch Scott Fitzgerald and Turgenev as well as on sons like Bernard Shaw and D H Lawrence with a different less affectionate psychological disposition toward women This book demonstrates how despite many differences the best works of all these sensitive sons reflect the deep contorted nature of their desire a longing that often seems less for an actual woman than for an elusive feminine ideal Stendhal's Parallel Lives Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch's Parallel Lives Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal's work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus **The Muse as Eros** Stephen Downes, 2017-09-29 The Muse has long been figured as a divine or erotically alluring consort to the virile male artist who may inspire him or lead him to the edge of madness This book explores the changing cultural expressions of the relationship between the male artist with a beloved imagined or desired Muse to offer new and penetrating perspectives on musical representations and transformations of creative masculine subjectivity and important aspects of the shift from the styles and aesthetics of Romantic Idealism to Modernist Anxiety in music of the nineteenth and twentieth centuries Each of the chapters begins with explorations into male artists relationships with their Muse and moves to analysis and interpretation which uncovers cultural constructions of masculine artistic inspiration and production and their association with creatively inspiring and erotically charged relationships with a Muse New insights are offered into the musical meaning and cultural significance of selected works by Rossini Beethoven Chopin Liszt Schumann Wagner Sibelius Mahler Bartók Scriabin Szymanowski Debussy Berg Poulenc and Weill Señoras de la noche Giuseppe Scaraffia, 2018-07-05 Samuel Beckett las llamaba las se oras de la noche sobre ellas se ha escrito dibujado y reflexionado mucho a lo largo del tiempo no por casualidad se trata del llamado trabajo m s antiguo del mundo desde Stendhal a Simenon de Kafka a Hemingway desde Tolstoi a Proust de Manet a Picasso Toulouse Lautrec Modigliani son muchos los escritores y

artistas que hacen referencia a ellas a menudo con pasión y devoción Scarrfia nos sumerge en un viaje que atraviesa el tiempo las ideas los sentidos y nos embarca a conocer la sorprendente mirada sobre una profesión que desde la revolución francesa pasando por el romanticismo o el tiempo de posguerra ya a mediados del siglo xx ha sido confinada al oscuro mundo de la delincuencia Un viaje que ofrece varias reflexiones que como sociedad deberíamos hacernos ya que a pesar del empeño legislativo de algunos gobiernos la prostitución ha existido y permanecido en nuestra sociedad desde siempre Residuo o no de usos culturales arcaicos de sistemas de poder anticuados de traumas complejos o represiones más o menos confusas sigue respondiendo a necesidades insustituibles
