Adult Children Raising Children:

Adult Children Raising Children Randy Colton Rolfe, 2011-11-21 Raising children today is a challenge for anyone. For those who were raised with alcoholism or other chemical dependency, the challenge can be overwhelming. Trapped between our parents and our children, we may fear both the old and the new. In *Adult Children Raising Children*, author Randy Colton Rolfe demonstrates that all our children really need is us being our true selves. Using case studies and real-life anecdotes, she helps us take a compassionate inventory of ourselves and our reactions to our old family, our new family, and the relationship between them. She offers new strategies for everyday situations as well as ways to find out who we really are and how to be that wonderful person for our children. Discover the best ways to avoid overreacting when your buttons are pushed, develop rules that stick, stop trying to please everyone, be loving without being a pushover, instill responsibility in your child, motivate with the carrot rather than the stick, relax and have fun. *Adult Children Raising Children* can help you create a new life of peace and joy developed with confidence and love. Adult Children Don't Come with Instructions Dennis Pezzato, Pezzato, 2004-07 How to Raise Your Adult Children Gail Parent, Susan Ende, 2010-08-05 In this irreverent guide, a bestselling comedy writer and noted psychotherapist teach parents how to handle their grown kids. There are many books out there to teach you how to handle your children after they graduate from diapers, but none tells you how to proceed once they graduate from high school. As new patterns emerge in the lives of young adults, parents find that their grown children have bigger problems than they did just a few years ago. *How to Raise Your Adult Children* is a manual for anxious moms and dads. Whether confronting the question of setting a curfew for a college kid at home or paying for a forty-year-old daughter's wedding, two have been there, done that. Moms give advice with an edge on a variety of emotionally and financially perilous situations, including: Your kid needs money, your money. Your kid moves back home and stays home. You know your child should not marry their significant other. Your big children keep dumping their little children on you. Combining the wit of Emmy Award-winning writer Gail Parent and the insight of psychotherapist Susan Ende, this book answers questions most parents never imagined they would have to ask. **Mothers of Adult Children** Marguerite Guzman Bouvard, 2013-09-12 *Mothers of Adult Children* elucidates what happens when children come of age and leave home, creating new lives in the realms of work and relationships. Mothers from around the world learn that this is the point in which their relationships with their children must drastically change. Mothers often come to terms with the changes by accepting differences and providing moral and emotional support when needed. However, the evolutionary nature of mothers' roles throughout the course of their children's lives is not only determined by the mother-child dynamic. The mothering of adult children is a transformative role, and the stories presented here show that the dynamics between mother and child are also influenced by cultural events. Accidents, disasters, war, and other hardships also intervene in these stories of multicultural motherhood. This book reveals the problems mothers of adult children face and celebrates the outstanding accomplishments of those who mother through
