Artist and Attic Hsin Ying Chi,1999 Artists and Attic sees the relationship between architecture and literature as a concrete reflection of nineteenth century ideology creating an iconic picture of women s position in society and literature during that period In the Victorian house the attic is hidden and neglected yet to a woman artist it is a space of her own to produce a text of her own The author presents the neglected attic as related to the neglected woman and the limited space symbolizes the confinement of woman and the woman writer yet obtaining this space of her own becomes the central concern to women and women writers This book explores the function of the attic in nineteenth century British and American women s writing as it is given meaning and life by the writers To many of the women the attic created a paradoxical image of their seclusion but also of their own poetic space for freedom in creation Many of the writers see the attic as a retreat to escape from patriarchal oppression and a place to seek social identity 7b S N S R Sekar,2023-02-27 7B is a mesmerizing extract from the life of the author who met with a fire accident when he was just eleven days old separated from his parents at the age of three and on being re united and living in a garage for home vowed something deep inside at that tender age Years of struggle rolled by He aced in academics at a national level and had countless choices across the globe at his doorstep but his resolve made him choose a path less dared less taken A path based on a firm set of values he believed in 7B is the author going back in time back and forth reminiscing those choices the events which transpired from them and the lessons he learnt
